

Why Give Through the Auction?

Contributions through the auction provide Cedar Park Christian School (CPCS) students with the tools to discover and develop their gifts and talents in academics, arts, athletics, and spiritual life.

CPCS provides students with opportunities to grow and mature in their walk with the Lord—in academics, athletics, relationships, and leadership. We believe in partnering with parents to help students grow into competent, assured people who understand they have purpose in life through providing high academic standards in a Christian environment.

A donation to CPCS, in many ways, benefits students now and for a lifetime! The auction supports students in every aspect of their education and provides the much needed foundation to enhance student learning and substantiate areas of greatest need. Through your generosity, we have built a new and improved elementary playground, purchased band equipment, purchased technology for the high school, we enhanced our science stem department through the purchase of microscopes and needed items, provided our faculty and staff with additional professional development and much more.

With the support of our families and our community, we are providing more students with a broad range of rigorous academic courses; students also participate in a rich student life that encourages fun, stewardship, leadership, and a dedication to serving others.

Our students are given room to ask questions and solve problems. At the same time, they are guided and trained to think using a Christian worldview. Students are given practical instruction and insight on how to impact the world both now and after graduation.

CPCS relies on the generosity of individuals and corporations to provide unrestricted support to help meet its overall operation budget, provide funds for special projects and enhancements through the Fund-a-Need, and provide a high quality Christian education.

Nothing is more important to the educational and character development of our students than the ability to support our daily operations and extracurricular activities.

Your participation in the auction of your time, talent, and treasure will endow benefits for students that last a lifetime!
